10 years Product Guarantee WrapTec

Starting at the date of delivery mentioned in the guarantee certificate, BMI Steildach GmbH will replace WrapTec free of charge in case it demonstrably does not meet the requirements as to the water-tightness of WrapTec itself or the self-welding connection with other WrapTec. In addition, we will bear the customary replacement costs. We reserve the right to perform the work on our own or commission it to sub-contractors.

The guarantee neither covers the adhesion of WrapTec to other building materials or surfaces nor the appearance of WrapTec such as colour stability. It is valid only for the initial application of WrapTec and not for any secondary use.

Ask for our guarantee certificate for your building project by sending a request to wraptec@bmigroup.com.
